Divisions

All divisions are non-checking

9 and Under

PRACTICE: Mondays 5:15 - 6:15 PM

To optimize the use of ice and maintain focus, we divide the group into 5-6 smaller groups. Each group then rotates through various stations that feature different drills and objectives. This approach ensures efficient ice utilization while promoting concentration among participants.

GAMES: Saturdays 8:45 - 9:45 AM

For optimal player development, we divide the ice into three separate games that are played simultaneously in a cross-ice format. By utilizing smaller areas for games at this age, we encourage competitiveness, increase the frequency of stops-and-starts, enhance quickness, and provide more opportunities for players to touch the puck. These games are played with three players on each team (3-on-3), and our coaches actively assist in correcting mistakes and fostering a strong competitive spirit among the player

10 and Up

PRACTICES: Mondays 6:30 - 7:30 PM

Our practices prioritize the development of skills, teamwork, and positioning. Through these practices, participants are encouraged to strive for their personal best, exert effort, and enjoy themselves while also learning the importance of competing fiercely.

GAMES: Saturdays 10 - 11 AM

In a non-pressured environment, games will be played with a full ice setup, consisting of 5 players on each team along with a goalie. To ensure fair play, we will have a dedicated referee for each game who will enforce penalties, offsides, and goals. This setup allows players to learn and practice following these guidelines correctly, fostering a positive learning experience.

Locker Rooms

Locker rooms will be opened up 30 minutes prior to the scheduled ice time and will be closed 15 minutes after. All players are required to arrive at the rink wearing their hockey base layers or shorts and t-shirts under their street clothing.

Locker rooms are required for changing and gearing up. No gearing up in the lobby will be permitted. A parent is permitted to assist their child in the locker room for ages 12 and under.

Locker Room Monitors

Volunteer locker room monitors are needed! All monitors must be SafeSport certified. Please contact General Manager Ashley Adema for additional information at Ashley@iceoplex.com.

Locker room monitors supervise locker rooms during practices, games, and other events to prevent, reduce, and eliminate harmful behavior. Their responsibilities include:

Controlling access

Ensuring that only participants, approved team personnel, and family members are allowed in the locker room. They should ask unapproved people to leave and prevent unauthorized entry.

Monitoring behavior

Watching for and reporting harmful behaviors such as physical abuse, emotional abuse, bullying, threats, and harassment.

Securing the locker room

Ensuring the locker room is secure when minor participants are on the ice.

Intervening in situations

If a situation arises that could lead to immediate harm, such as fighting, wrestling, or throwing items, the monitor may need to intervene to stop the problem. If they are uncomfortable directly engaging, they can send someone for help and try to de-escalate the situation.

Accompanying the coach

Being present for any individual meetings the coach has with minor participants.

Jerseys

Jerseys are not included in the league fee and are purchased separately. Jerseys cost \$80. If you own a jersey from a previous season and it still fits, you are not required to purchase a new one.
